

Natural Disaster Youth Summit

Children Make a Difference in the World

Slogan: Communication saves lives!

Natural Disasters occur anywhere and anytime on this planet.

This is a project in which children will learn the importance of human lives and how to cope with natural disasters such as earthquakes, volcanic eruptions, wildfires, floods, hurricanes, landslides, tsunamis, droughts and so on through the communication and collaboration with global friends. Our goal is to build the safer place to live in for everyone in this planet.

As the final event, NDYS 2008 International Conference will be held in Trinidad and Tobago in April 20-22, 2008.

Programs for NDYS:

1. Global Disaster Safety Map (main)

Students will create the Disaster Safety Map of their schools surrounding areas.

Disaster safety map are made by schools all over the world through video-conferencing and forums.

If connect them all up, we have a global disaster safety map that bring the whole world together.

2. Kid's Safety Bag (sub)

The NDYS Teddy Bears with Kid's Safety Bag will be handed between partner schools to strengthen the friendly bond. 'Kid's Safety Bag' is an emergency kit bag. Students consider what are in need to save your lives when the disaster occurred.

NDYS2008

Discussion Theme:

**Global Warming and
Disaster Reduction**

“What Youth can do to prevent the next disasters”
